# **Tru-Vu Gold**

## **HD Endoscopes**

AED's Line of Tru-Vu Gold HD Endoscopes are manufactured with the highest quality micro-optics from Germany and Switzerland. Our line of endoscopes provide optimum performance for the surgeon and the O.R. staff. All endoscopes are fully HD compatible allowing clear, bright and sharp images. Tru-Vu Gold endoscopes are available in many different diameters, lengths, angles of view and with a standard eyepiece to fit all manufactures camera systems. For ease of processing our endoscopes have been validated for Sterrad sterilization compatibility and steam autoclaving. Tru-Vu Gold Endoscopes are available for Arthroscopy, Laparoscopy, ENT, Cystoscopy, Resectoscopy, Ureteroscopy and Hysteroscopy.

- Tri-Opt rod lens system manufactured in Germany
- Larger edge-to-edge distortion free image
- Sapphire scratch resistant distal lens
- Tru-Vu brilliant HD image resolution
- Excellent true to life color transmission
- High aperture light fibers for total illumination
